Luis Rodriguez, Frontend Developer

Frontend Developer building production mobile and web applications with React Native (Expo) and React/Next.js, in TypeScript. Currently developing both the mobile app and the web frontend of a healthcare platform, integrating enterprise authentication (Azure AD / MSAL) and maintaining CI/CD pipelines in Azure DevOps. Systems Engineering student at ITM with a strong focus on code quality and testing (Playwright, BDD).

Experience

Frontend Developer | El Sol N.E.C

Medellín, Colombia | Jan 2026 – Present

- Develop core features for a healthcare mobile application using React Native, TypeScript, Expo, and Tailwind CSS (NativeWind), including the file and document management modules.
- Build reusable, responsive UI components, ensuring consistent rendering across Android and iOS devices and screen sizes.
- Develop features for the same product's web frontend in Next.js (TypeScript, MUI, Redux Toolkit, TanStack Query), integrating enterprise authentication with Azure AD / MSAL.
- Keep CI/CD pipelines healthy in Azure DevOps, diagnosing and resolving ESLint and TypeScript build failures for the team.

Software Developer Intern (Fullstack) | Invamer S.A.S.

Medellín, Colombia | Jan 2025 – Aug 2025

- Built “Central Empleados,” an internal Human Resources system that streamlined employee management processes, contributing to both the frontend and the backend.
- Developed dynamic UI modules including Home, file upload, document viewer, and job position forms.
- Implemented backend logic and data management with Laravel (PHP) and PostgreSQL.

Education

Systems Engineering, Instituto Tecnológico Metropolitano (ITM)

Jan 2023 – Present (expected 2027)

Skills

Web: React, Next.js, TypeScript, JavaScript, HTML/CSS, Tailwind CSS, Vite

Mobile: React Native, Expo, NativeWind

State & Data: Zustand, Redux Toolkit, TanStack Query

Backend: Laravel (PHP), Node.js, PostgreSQL

Testing: Playwright, BDD (Gherkin), unit testing

Tools & DevOps: Git, Azure DevOps, Azure AD (MSAL), Jira

Languages

Spanish (native) **English** (intermediate – B1, actively improving)

Hobbies

Music, reading, soccer, playing video games.
